3. Enter your pin and click on sign in

The image shows the FYERS login interface. At the top is the FYERS logo. Below it, a white card contains the text "Welcome, Mobashshir!". Underneath, it says "Not logged in" with a small icon. The prompt "Enter your four-digit PIN" is followed by four empty input boxes. A link "Forgot PIN?" is below the boxes. A large blue "Sign In" button is centered. A red arrow points to this button. Below the button, a note states: "Note: Do not save the PIN on a public computer." At the bottom of the card, it says "By proceeding, you agree to the [Terms & Conditions](#) and [Privacy Policy](#) of FYERS Securities Pvt. Ltd."

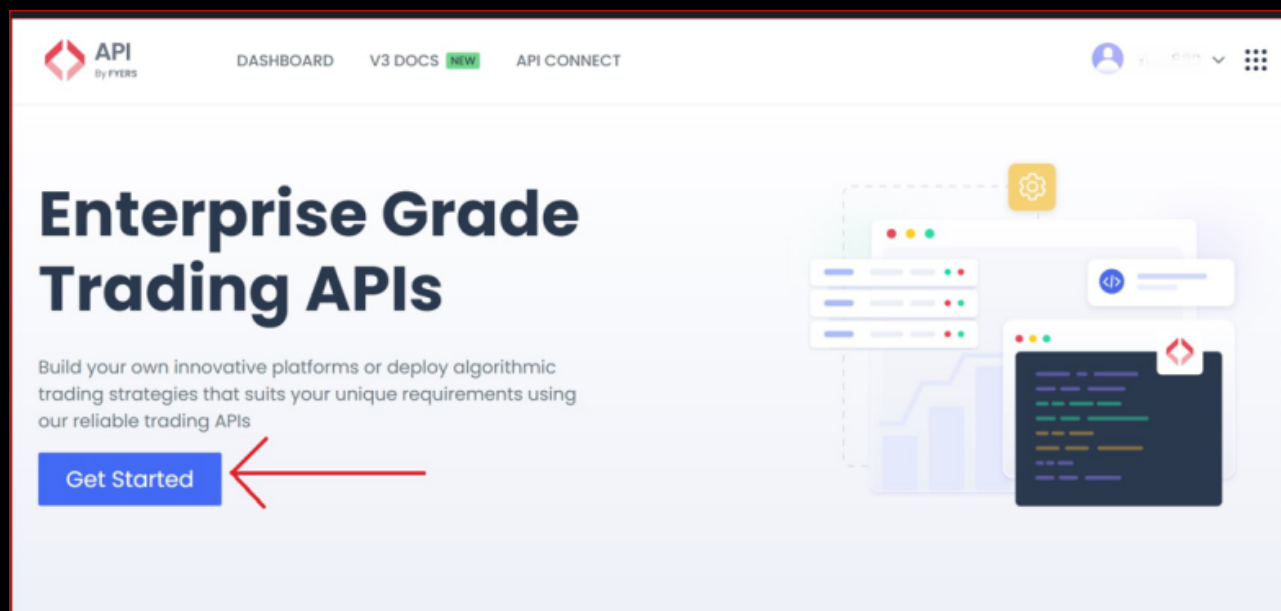

4. Click on the button as shown in the image by arrow

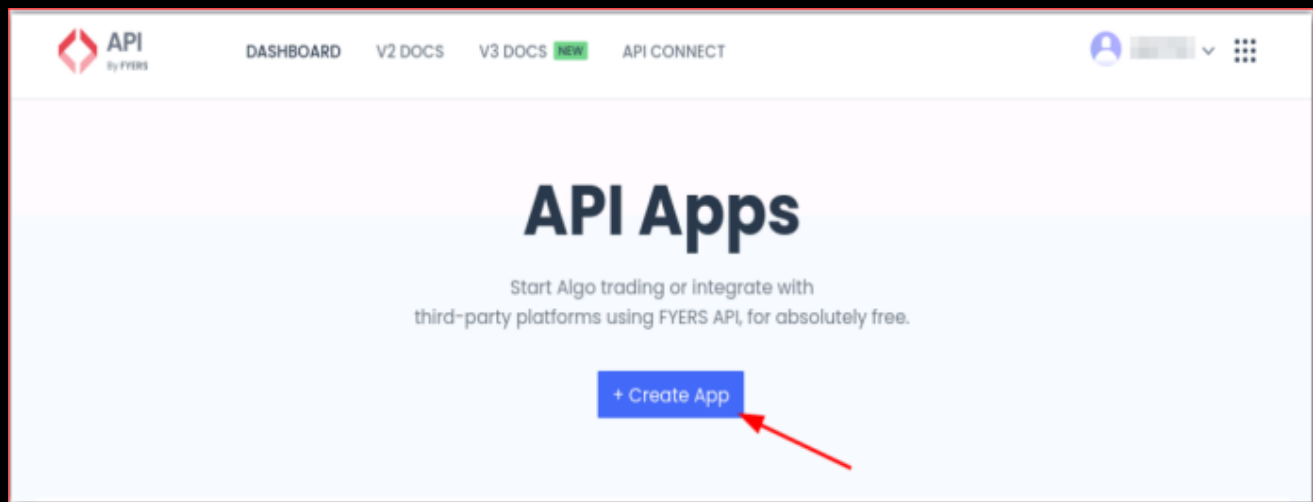

5. Go to learnings tab at the left panel and click on Fyers API in the developer section.

6. Click on get started

7. Click on the create app button.

8. Fill in the credentials as shown.

× Create App

Enter the app details

Webhooks/Postbacks (Optional)

[Cancel](#)

Create App

9. Scroll down and delete the default

- Webhook/Postbacks by clicking in the three dots (1)
- Check all the checkboxes in the **App Permission** section(2)
- Check the **Terms and Conditions** checkbox.(3)
- Click on the **Create App** button at the bottom.(4)

The screenshot shows a form for creating an app. At the top, there is a section for 'Webhook 1' with a red circle '1' and a red arrow pointing to a three-dot menu icon. Below this are three input fields: 'Webhook URL', 'Webhook Secret', and 'Webhook Preference'. A '+ Add Webhook' link is below these fields. The 'App Permissions' section has a red circle '2' and contains five checkboxes: 'Profile Details', 'Transaction Info', 'Order Placement', 'Quotes & Market data', and 'Historical Data'. The 'Order Placement' and 'Historical Data' checkboxes are checked. Below the permissions is a checkbox for 'I accept the API usage' followed by a link to 'Terms and Conditions', with a red circle '3' next to it. At the bottom, there is a 'Cancel' button and a 'Create App' button, with a red circle '4' next to the 'Create App' button.

☒ Quotes & Market data ☒ Historical Data

☐ I accept the API usage [Terms and Conditions](#)

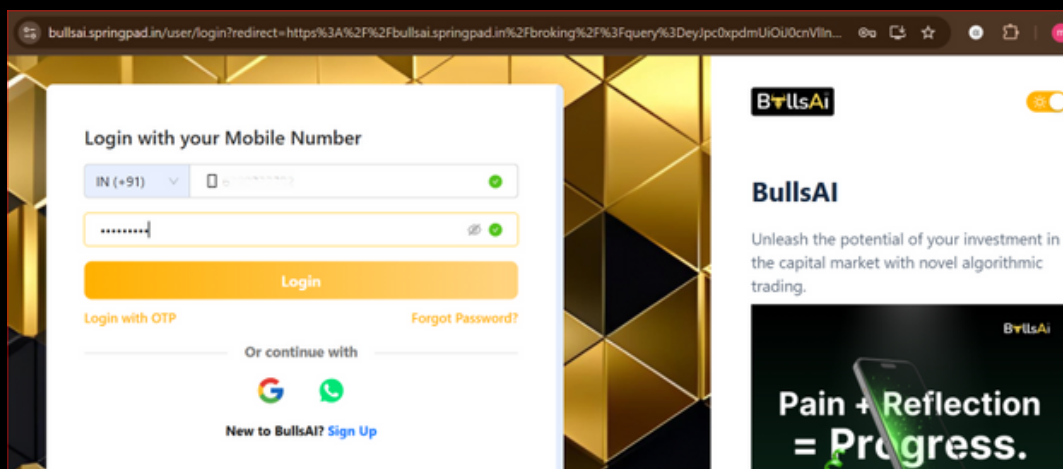

Cancel Create App

10. Once the app is created, copy the App ID and Secret ID for the next steps.

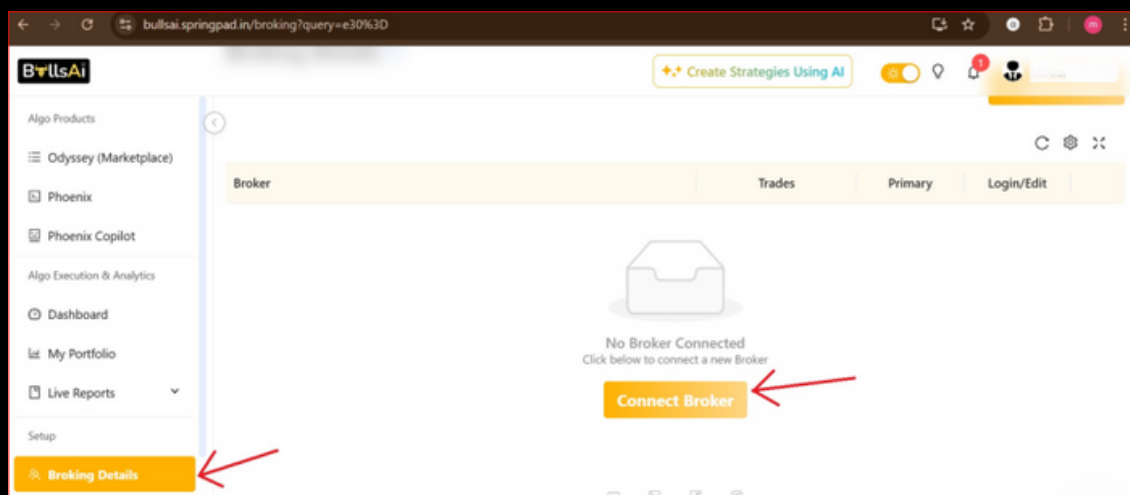

III. One-Time Activity

- Login to your BullsAi account

- Go to the Broking Details section on the left panel and click on Add Broker.

- Select the Non OAuth broker and click Next.

The screenshot shows a dialog titled "Add New Broker" with a close button (X) in the top right. At the top, there is a progress bar with three steps: 1 (selected, highlighted in orange), 2 (Bind Broker), and 3 (Status). Below the progress bar, the steps are labeled: "Select Broker", "Bind Broker", and "Status". A search bar with the placeholder "Search For A Broker" is present. Below the search bar, there is a list of brokers:

- Aliceblue (Daily login required) with an "OAuth" tag.
- Fyers (Daily Login) with an "OAuth" tag.
- BullsAI Virtual Broker.
- Fyers (1-time-activity) - This item is highlighted with a red rectangular box.

At the bottom of the dialog is a "Next" button, which is highlighted with a red arrow pointing to it.

- Enter your App ID in the CLIENT_API_KEY field and Secret ID in the CLIENT_SECRET_KEY field. Click on Confirm.

The screenshot shows the same "Add New Broker" dialog, but now at Step 2: Credentials. The progress bar shows Step 1 as completed (marked with a checkmark) and Step 2 as the current step (highlighted in orange). The steps are labeled: "Select Broker", "Credentials", and "Status". The dialog title is "Add New Broker" followed by the Fyers logo and name. There are two input fields:

- * CLIENT_API_KEY: A text field with a masked input (dots) and a toggle icon on the right.
- * CLIENT_SECRET_KEY: A text field with a masked input (dots).

At the bottom of the dialog is a large orange "Confirm" button.

- Broker is binded to your account.
